

The image shows a square rug with a complex geometric pattern. The pattern is composed of various rectangular and triangular sections, each filled with different textures and colors. The colors are primarily shades of beige, tan, and light brown, with some darker brown accents. The textures appear to be woven or knotted, giving the rug a tactile quality. The overall effect is a rich, layered geometric design.

Urban Weave

Urban Weave — современная коллекция, построенная на выразительной геометрии и сложных сочетаниях оттенков. Ритмичные линии и фактура придают дизайну глубину и характер.
