COLLECTION

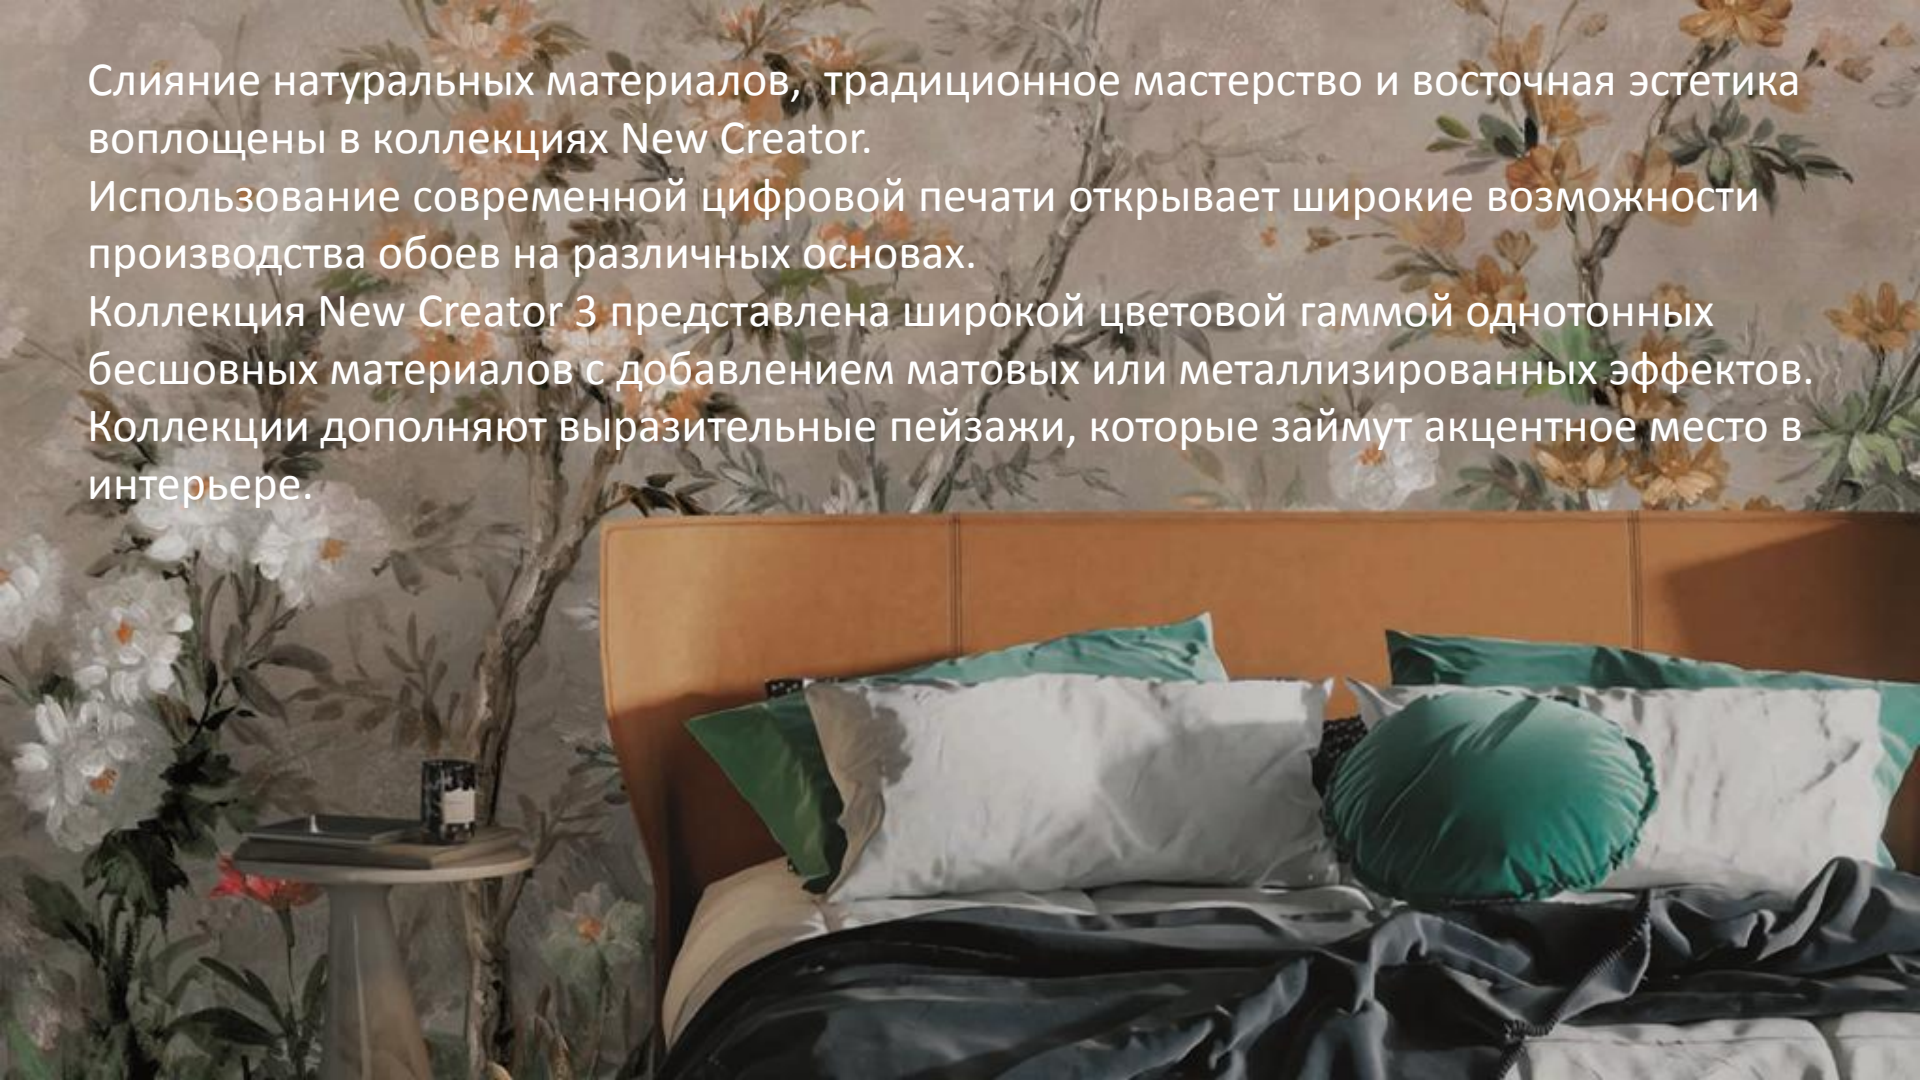

by
BREWSTER

Слияние натуральных материалов, традиционное мастерство и восточная эстетика воплощены в коллекциях New Creator.

Использование современной цифровой печати открывает широкие возможности производства обоев на различных основах.

Коллекция New Creator 3 представлена широкой цветовой гаммой однотонных бесшовных материалов с добавлением матовых или металлизированных эффектов.

Коллекции дополняют выразительные пейзажи, которые займут акцентное место в интерьере.
